A Young Woman.

Young women are not always so simply dressed, many wear quite a lot of beads on their arms and necks, and some are weighted down on neck, arms and ankles with coils of copper wire. The clean shaven head, however, is a reference to all girls who wish to be married.

Tobacco Smoking.

Men may be seen any hour of the day smoking their pipes in a dozen places. Each takes one long puff, and slowly exhales after he has handed the pipe to his neighbour. Many pipe clubs are to be found in the villages, and often take it in turn to be the host of each.
